

IMPORTANT TERMS OF YOUR HOME EQUITY LINE OF CREDIT

Retention of Information: This disclosure contains important information about your Home Equity Line of Credit. You should read it carefully and keep a copy for your records.

Availability of Terms: All of the terms described below are subject to change. If these terms change (other than the ANNUAL PERCENTAGE RATE) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you have paid to us or anyone else in connection with your application.

Security Interest: We will take a security interest in your home. You could lose your home if you do not meet the obligations in your agreement with us.

Possible Actions: We can terminate your credit line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees if: (i) You engage in fraud or material misrepresentation in connection with the line; (ii) You do not meet the repayment terms; (iii) Your action or inaction adversely affects the collateral or our rights in the collateral. We can refuse to make additional extensions of credit or reduce your credit limit if: (i) Any of the reasons mentioned above exist; (ii) The value of the dwelling securing the line declines significantly below its appraised value for purposes of this line; (iii) We reasonably believe you will not be able to meet the repayment requirements due to a material change in your financial circumstances; (iv) You are in default of a material obligation in the agreement; (v) Government action prevents us from imposing the ANNUAL PERCENTAGE RATE provided for or impairs our security interest such that the value of the interest is less than 120 percent of the credit line; (vi) A regulatory agency has notified us that continued advances would constitute an unsafe and unsound practice; (vii) The maximum ANNUAL PERCENTAGE RATE is reached. The initial agreement permits us to make certain changes to the terms of the agreement at specified times or upon the occurrence of specified events.

Minimum Payment Requirements: You can obtain advances of credit for 120 months (the "Draw Period"). At our option, we may renew or extend the Draw Period. During the Draw Period, your minimum payment will equal the total of (a) the periodic finance charges, and other fees, charges and costs including without limitation, any other expenses or advances incurred by us under the Security Instrument; (b) accrued but unpaid interest for prior Billing Cycles; and (c) premiums for any optional credit life insurance. The Draw Period will be followed by a "Repayment Period" of 120 months. During the Repayment Period, if any, your minimum payment will equal 1/120 of your unpaid Account Balance at the end of the Draw Period, plus all periodic finance charges, and other fees, charges, and costs. All payments will be due monthly.

Minimum Payment Example: If you received an Advance of \$10,000 and made only the miuimum monthly payments and took no other credit advances, it would take the following amount of time to repay this loan: For the (i) 10 year Draw Period followed by a 10-year Repayment Period, it would take 240 months to pay off a credit advance of \$10,000 at an ANNUAL PERCENTAGE RATE of 7.50%. During that period, you would make 120 monthly payments of \$62.50 followed by 120 monthly payments of \$118.70.

Fees and Charges: To open and maintain a line of credit, you must pay the following fees to us:
Annual Fee of \$50.00.

MIN INIT ADV. of \$25,000.00

EARLY TERMINATION FEE OF \$500 OR 2% OF THE CREDIT LIMIT. WHICHEVER IS LESS.

The Discounted Initial Rate is a special promotional interest rate. It has been made available to you based on your promise to borrow at least \$25,000 within five (5) days of the Date of this Agreement (Initial Advance) and your promise to maintain a Daily Balance that is equal to at least \$25,000 through the First Scheduled Adjustment Date. You understand and agree that we can terminate the Discounted Initial Rate if you (a) fail to borrow (within a specific time frame) at least \$25,000 or (b) thereafter fail to maintain (at any time and for any reason) a Daily Balance equal to at least \$25,000 throughout the period ending on the First Scheduled Adjustment Date. If you do not satisfy either one of these requirements, your account would, at our option, begin to accrue interest in accordance with a variable rate formula. If we elect to terminate the Discounted Initial Rate based on your failure to satisfy these requirements, we may choose the date that interest will begin to accrue in accordance with the variable rate formula. That date will fall on the first day of the Billing Cycle.

Unless otherwise noted, all fees will be paid at closing. You also must pay certain fees to third parties. These fees generally total between \$0 and \$2500. If you ask, we will give you an itemization of the fees you will have to pay to third parties.

Property Insurance: You must carry insurance on the property that secures the line. If the property is located in a Special Flood Hazard Area we will require you to obtain flood insurance if it is available. You may select the insurance company of your choice, provided the company and coverage meet our requirements.

Transaction Requirements: The minimum Initial Advance is \$ 25,000.00 . Subsequently, the minimum advance thereafter is \$ 500.00 .

Negative Amortization: Under some circumstances, your payments will not cover the finance charges that accrue and "negative amortization" will occur. Negative amortization will increase the amount that you owe us and reduce your equity in the dwelling.

Tax Deductibility: You should consult a tax advisor regarding the deductibility of interest and charges for the line.

Other Products: If you ask, we will provide you with information on our other available home equity lines.

Variable-Rate Information: The Agreement has a variable ANNUAL PERCENTAGE RATE. The ANNUAL PERCENTAGE RATE and the amount and/or number of Minimum Payment may change as a result. The ANNUAL PERCENTAGE RATE includes only interest and no other costs. The Initial ANNUAL PERCENTAGE RATE may be "discounted." Any discounted rate is not based on the index and margin used for later rate adjustments. The discounted initial rate will be in effect for the first 12 months your credit line is open.

The **ANNUAL PERCENTAGE RATE** is based on the value of an index, and we may add a margin to the value of the Index. The "Index" is Prime Rate as published in the Wall Street Journal.

Ask us for the current index value, margin and **ANNUAL PERCENTAGE RATE**. After you open a credit line, rate information will be provided on periodic statements that we will send you.

Rate Changes: The **ANNUAL PERCENTAGE RATE** may be adjusted on the first day of each billing cycle (each, a "**Change Date**"). Each change in the **ANNUAL PERCENTAGE RATE** (and the related Daily Periodic Rate) will take effect without prior notice and will apply to both new Advances and your Account Balance. The maximum **ANNUAL PERCENTAGE RATE** that can apply is 17.00%, subject to state limitations. The minimum **ANNUAL PERCENTAGE RATE** that can apply is 3.00%, subject to state limitations.

Maximum Rate and Prepayment Examples: If you had an outstanding balance of \$10,000 during the Draw Period, the minimum monthly payment at the maximum **ANNUAL PERCENTAGE RATE** of 17% would be \$141.67. This annual percentage rate could be reached during the first month of the Draw Period. During the Repayment Period of 10 years, the minimum monthly payment at the maximum **ANNUAL PERCENTAGE RATE** of 17% would be \$173.80.

Historical Example: The following table shows how the **ANNUAL PERCENTAGE RATE** and the minimum monthly payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are from January 1 of each year. While only one payment amount per year is shown, payments during the Draw and Repayment Periods would have varied during each year. The table assumes that no additional credit advances were taken, that only the minimum payments were made each month, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.

				MINIMUM MONTHLY PAYMENT FOR A 10-YEAR DRAW PERIOD FOLLOWED BY A 10-YEAR REPAYMENT PERIOD				
Year	Index (%)	Margin ⁽¹⁾ (%)	ANNUAL PERCENTAGE RATE (%)	10-year Interest only Draw Period (\$)	10-Year Repay Period (\$)			
2009	3.250	-.25%	3.000	\$25.00				
2010	3.250	-.25%	3.000	\$25.00				
2011	3.250	-.25%	3.000	\$25.00				
2012	3.250	-.25%	3.000	\$25.00				
2013	3.250	-.25%	3.000	\$25.00				
2014	3.250	-.25%	3.000	\$25.00				
2015	3.250	-.25%	3.000	\$25.00				
2016	3.500	-.25%	3.250	\$27.08				
2017	3.750	-.25%	3.500	\$29.16				
2018	4.500	-.25%	4.250	\$35.42				
2019	5.500	-.25%	5.250		\$107.29			
2020	4.750	-.25%	4.500		\$103.64			
2021	3.250	-.25%	3.000		\$96.56			
2022	3.250	-.25%	3.000		\$96.56			
2023	7.500	-.25%	7.250		\$117.40			

- (1) This is a margin we have used recently. Your margin may be different.
- (2) This product offers a preferred rate provision of .25% with automatic payment. This rate will increase should the automatic payment be cancelled.
- (3) This product offers an introductory discounted rate of 4.99% for the first twelve months of the loan.

How to use the booklet

When you and your lender discuss home equity lines of credit, often referred to as HELOCs, you receive a copy of this booklet. It helps you explore and understand your options when borrowing against the equity in your home.

You can find more information from the Consumer Financial Protection Bureau (CFPB) about home loans at cfpb.gov/mortgages. You'll also find other mortgage-related CFPB resources, facts, and tools to help you take control of your borrowing options.

About the CFPB

The CFPB is a 21st century agency that implements and enforces federal consumer financial law and ensures that markets for consumer financial products are fair, transparent, and competitive.

This pamphlet, titled What you should know about home equity lines of credit, was created to comply with federal law pursuant to 15 U.S.C. 1637a(e) and 12 CFR 1026.40(e).

How can this booklet help you?

This booklet can help you decide whether home equity line of credit is the right choice for you, and help you shop for the best available option.

A home equity line of credit (HELOC) is a loan that allows you to borrow, spend, and repay as you go, using your home as collateral.

Typically, you can borrow up to a specified percentage of your equity. Equity is the value of your home minus the amount you owe on your mortgage.

Consider a HELOC if you are confident you can keep up with the loan payments. If you fall behind or can't repay the loan on schedule, you could lose your home.

After you finish this booklet:

- You'll understand the effect of borrowing against your home
- You'll think through your borrowing and financing options, besides a HELOC
- You'll see how to shop for your best HELOC offer
- You'll see what to do if the economy or your situation changes

Compare a HELOC to other money sources

Before you decide to take out a HELOC, it might make sense to consider other options that might be available to you, like the ones below.

TIP

Renting your home out to other people may be prohibited under the terms of your line of credit.

MONEY SOURCE	HOW MUCH CAN YOU BORROW	VARIABLE OR FIXED RATE	IS YOUR HOME AT RISK?	TYPICAL ADVANTAGES	TYPICAL DISADVANTAGES
HELOC <i>You borrow against the equity in your home</i>	Generally a percentage of the appraised value of your home, minus the amount you owe on your mortgage	Variable, typically	Yes	Continue repaying and borrowing for several years without additional approvals or paperwork	Repayment amount varies; repayment is often required when you sell your home
SECOND MORTGAGE OR HOME EQUITY LOAN <i>You borrow against the equity in your home</i>	Generally a percentage of the appraised value of your home, minus the amount you owe on your mortgage	Fixed	Yes	Equal payments that pay off the entire loan	If you need more money, you need to apply for a new loan; repayment is often required when you sell your home
CASH-OUT REFINANCE <i>You replace your existing mortgage with a bigger mortgage and take the difference in cash</i>	Generally a percentage of the appraised value of your home; the amount of your existing loan plus the amount you want to cash out	Variable or fixed	Yes	Continue to make just one mortgage payment	Closing costs are generally higher; it may take longer to pay off your mortgage; interest rate may be higher than your current mortgage
PERSONAL LINE OF CREDIT <i>You borrow based on your credit, without using your home as collateral</i>	Up to your credit limit, as determined by the lender	Variable, typically	No	Continue repaying and borrowing for several years without additional approvals or paperwork	Solid credit is required; you may need to pay the entire amount due once a year; higher interest rate than a loan that uses your home as collateral

Compare a HELOC to other money sources

MONEY SOURCE	HOW MUCH CAN YOU BORROW	VARIABLE OR FIXED RATE	IS YOUR HOME AT RISK?	TYPICAL ADVANTAGES	TYPICAL DISADVANTAGES
RETIREMENT PLAN LOAN <i>You borrow from your retirement savings in a 401(k) or similar plan through your current employer</i>	Generally, up to 50% of your vested balance or \$50,000, whichever is less	Fixed	No	Repay through paycheck deductions; paperwork required but no credit check and no impact on your credit score	If you leave or lose your job, repay the whole amount at that time or pay taxes and penalties; spouse may need to consent
HOME EQUITY CONVERSION MORTGAGE (HECM) <i>You must be age 62 or older, and you borrow against the equity in your home</i>	Depends on your age, the interest rate on your loan, and the value of your home	Fixed or variable	Yes	You don't make monthly loan payments—instead, you typically repay the loan when you move out, or your survivors repay it after you die	The amount you owe grows over time; you might not have any value left in your home if you want to leave it to your heirs
CREDIT CARD <i>You borrow money from the credit card company and repay as you go</i>	Up to the amount of your credit limit, as determined by the credit card company	Fixed or variable	No	No minimum purchase; consumer protections in the case of fraud or lost or stolen card	Higher interest rate than a loan that uses your home as collateral
FRIENDS AND FAMILY <i>You borrow money from someone you are close to</i>	Agreed on by the borrower and lender	Variable, fixed or other	No	Reduced waiting time, fees, and paperwork compared to a formal loan	Forgiven loans and unreported or forgiven interest can complicate taxes, especially for large loans; can jeopardize important personal relationships if something goes wrong

How HELOCs work

PREPARE FOR UP-FRONT COSTS

Some lenders waive some or all of the up-front costs for a HELOC. Others may charge fees. For example, you might get charged:

- A fee for a property appraisal, which is a formal estimate of the value of your home
- An application fee, which might not be refunded if you are turned down
- Closing costs, including fees for attorneys, title search, mortgage preparation and filing, property and title insurance, and taxes

PULL MONEY FROM YOUR LINE OF CREDIT

Once approved for a HELOC, you can generally spend up to your credit limit whenever you want. When your line of credit is open for spending, you are in the **borrowing period**, also called the **draw period**. Typically, you use special checks or a credit card to draw on your line. Some plans require you to borrow a minimum amount each time (for example, \$300) or keep a minimum amount outstanding. Some plans require you to take an initial amount when the credit line is set up.

MAKE REPAYMENTS DURING THE “DRAW PERIOD”

Some plans set a minimum monthly payment that includes a portion of the **principal** (the amount you borrow) plus accrued interest. The portion of your payment that goes toward principal typically does not repay the principal by the end of the term. Other plans may allow payment of the interest only, during the draw period, which means that you pay nothing toward the principal.

If your plan has a variable interest rate, your monthly payments may change even if you don’t draw more money.

ENTER THE “REPAYMENT PERIOD”

Whatever your payment arrangements during the draw period—whether you pay some, a little, or none of the principal amount of the loan—when the draw period ends you enter a repayment period. Your lender may set a schedule so that you repay the full amount, often over ten or 15 years.

Or, you may have to pay the entire balance owed, all at once, which might be a large amount called a balloon payment. You must be prepared to make this **balloon payment** by refinancing it with the lender, getting a loan from another lender, or some other means. If you are unable to pay the balloon payment in full, you could lose your home.

RENEW OR CLOSE OUT THE LINE OF CREDIT

At the end of the repayment period, your lender might encourage you to leave the line of credit open. This way you don’t have to go through the cost and expense of a new loan, if you expect to borrow again. Be sure you understand if annual maintenance fees or other fees apply, even if you are not actively using the credit line.

TIP

If you sell your home, you are generally required to pay off your HELOC in full immediately. If you are likely to sell your home in the near future, consider whether or not to pay the up-front costs of setting up a line of credit.

GET THREE HELOC ESTIMATES

My best HELOC offer is: _____

How variable interest rates work

Home equity lines of credit typically involve variable rather than fixed interest rates.

A variable interest rate generally has two parts: the index and the margin.

An **index** is a measure of interest rates generally that reflects trends in the overall economy. Different lenders use different indexes in their loans. Common indexes include the U.S. prime rate and the Constant Maturity Treasury (CMT) rate. Talk with your lender to find out more about the index they use.

The **margin** is an extra percentage that the lender adds to the index.

Lenders sometimes offer a temporarily discounted interest rate for home equity lines—an introductory or **teaser rate** that is unusually low for a short period, such as six months.

Rights and responsibilities

Lenders are required to disclose the terms and costs of their home equity lines of credit. They need to tell you:

- Annual percentage rate (APR)
- Information about variable rates
- Payment terms
- Requirements on transactions, such as minimum draw amounts and number of draws allowed per year

- Annual fees
- Miscellaneous charges

You usually get these disclosures when you receive a loan application, and you get additional disclosures before the line of credit is opened. In general, the lender cannot charge a nonrefundable fee as part of your application until three days after you have received the disclosures.

If the lender changes the terms before the loan is made, you can decide not to go forward with it, and the lender must return all fees. There is one exception: the variable interest rate might change, and in that case if you decide not to go ahead with the loan, your fees are not refunded.

Lenders must give you a list of HUD-approved housing counselors in your area. You can talk to counselor about how HELOCs work and get free or low-cost help with budgeting and money management.

Right to cancel (also called right to rescind)

If you change your mind for any reason, under federal law, you can cancel the credit line in the first three days. Notify the lender in writing within the first three days after the account was opened. The lender must then cancel the loan and return the fees you paid, including application and appraisal fees.

TIP

Some HELOCs let you convert some of your balance to a fixed interest rate. The fixed interest rate is typically higher than the variable rate, but it means more predictable payments.

If something changes during the course of the loan

HELOCs generally permit the lender to freeze or reduce your credit line if the value of your home falls or if they see a change for the worse in your financial situation. If this happens, you can:

- **Talk with your lender.** Find out the reason for the freeze or reduction. You might need to check your credit reports for errors that might have caused a downgrade in your credit. Or, you might need to talk with your lender about a new appraisal on your home and make sure the lender agrees to accept a new appraisal as valid.
- **Shop for another line of credit.** If another lender offers you a line of credit, you may be able to use that to pay off your original line of credit. Application fees and other fees may apply for the new loan.

WELL DONE!

For most people, a home is their most valuable asset. A HELOC can help you make the most of this asset, when you understand the ins and outs and know what to expect.

In this booklet:

? ASK YOURSELF

Have I considered other sources of money and loans, besides a HELOC?

Have I shopped around for HELOC features and fees?

Am I comfortable with the worst-case scenario, where I could lose my home?
